

Optus Aurora - Caravan and Camping Kits

Stay up to date with TV and Radio services via satellite while travelling

This portable satellite receiving kit provides the traveller access to ABC and SBS TV and Radio broadcasts throughout Australia. Additional channels (Imparja, Seven Central, WIN and GWN) are available but are subject to approval and activation by the service provider.

These portable kits can also be used to receive PAY-TV services. A SelecTV subscription will provide access to a variety of Movie, Current Affairs, Sport and Documentary channels.
